

# Lovable, Loyal, Companion Pony !

We have a wonderful, 13.2hh, grey gelding who is looking for a loving new home, where he can be a companion pony. Danny-Boy is 25 years old, and can no longer be ridden. He lives out in the summer, but would need some shelter in the winter due to his age. He is wonderful around children and never puts a foot wrong. He has most recently been used in a riding school.
